BIG CELEBRATION  
AT JOHNSON

Rain Interferes Somewhat with the Forenoon Demonstrations, but the Afternoon Program Fully Carried Out—Altogether a Great Success.

Johnson had a Fourth of July celebration this year of which she may be justly proud. For some time the members of Sterling Hose Co. had in mind the observance of the Ever Glorious and decided it was Johnson's turn to make a demonstration of that kind. Committees were appointed, the public got interested, and arrangements got under way for the event. Elmer Balch was chairman of the committee and had Dr. Fulsom and Will Thomas as assistants. With these and a corps of good aids the details were fully worked up. Nothing was left undone and the outlook for a monster celebration was good. Decorations were put up on every hand, stores and residences being gaily arrayed in the national colors. But, alas, there are some things that man cannot control and so when the rain fell in torrents about all the forenoon of Monday there was disappointment on every hand. A large crowd had assembled in the morning, but a great many stayed at home on account of the rain. The morning program was put off until the afternoon and with balcony concerts by the bands and expressions on every hand, "too bad it rains," the morning hours passed by. At noon the clouds lifted and the sun came out, giving the people an ideal afternoon.

The afternoon program opened with the parade and a splendid one it was. Ned Holmes was in the lead as marshal and a dozen horsemen followed. The parade was made up of floats, decorated autos and horribles. The leading float contained 48 young ladies, representing the different states, with Miss Susie Collins as Goddess of Liberty and Lewis Woods as Uncle Sam. The other floats included "State Ladies," "Spirit of '76," "Peace," "Congress of Nations" and "Knights of Pythias." All were especially fine and received hearty applause. The K. P.'s surely did themselves proud.

The auto decorations were neat and attractive. Rev. Hazen's car, with its trimmings of roses, had on its front a huge butterfly, driven by little Miss Frances as a fairy queen, and in the rear seat Master David representing "Jack-in-the-Pulpit." The Wood car loaded with little children, singing and waving flags, was fine, as was also the Holmes car, on the front of which was a Teddy bear.

Special mention should be made of the handsome outfit driven by Miss Madeline McCuin and Miss Etta Waters. The harness and carriage were prettily trimmed in white, and the girls becomingly arrayed in the same color, were very attractive and heartily applauded.

Further mention is made of the parade as given in the notes herewith.

Horribles—"Farmer's Exchange," Hallie Stearns and Arthur Clark, 1st; "Johnson Hose Co.," Gaylord Westover, 2d.

## Some Celebration Notes

The fireworks were good.

Dr. Peak's "Wooden Horse Pillow Fight" made lots of sport.

Sterling Hose Co. is entitled to great credit for the success of the affair.

The decorations were fine and unique, but the heavy rain destroyed their beauty.

The receipts from the dinners and suppers served at the Baptist vestry were \$80.00.

The expenses of the celebration were in neighborhood of \$350—\$80 of which went for prizes.

The summer school girls by their presence and help contributed much to the success of the affair.

It was the best parade of "horribles" ever seen in these parts; every one of them should have had a prize.

That was a nice thought—giving the old soldiers a place in the procession. Automobiles were furnished for their use and every respect due the veterans, few in number we regret, was paid them.

The rain was a disappointment and no doubt kept a great many away. Had the morning been fair, it would have been a record celebration for attendance. As it was the crowd numbered from 1,500 to 2,000.

To the members of the Sterling Hose Co. great credit is due for the success of the affair. They made up a splendid celebration and had not the storm interfered, it would have been a great success, financially and otherwise.

Will Barrows sustained his old-time and well-known reputation as a fair and square umpire. In all of his decisions the spectators as well as the players acquiesced. His quick decisions moved the games along at a great pace.

George Gilmore, the drum major of the Jeff band, was "the observed of all observers." His erect figure and long flowing beard, coupled with his majestic tread, stately bearing and skilful manipulation of the baton, made him an ideal leader.

Ned Holmes was an ideal marshal. His stentorian voice could be heard by all, and when he made an announcement everybody "stopped, looked and listened." His aides were a holiday lot and at the head of the procession they moved along majestically.

The ball game, which was a most interesting one, was between Johnson and Lowell, and was a good game throughout; both sides, of course, made some errors and did some good playing. There were rooters for both sides. The score was 11 to 9 in favor of the visitors.

Music, good and plenty of it, was furnished by the Jeffersonville Band, C. E. Labounty leader, and the Johnson Band, with Dr. Peaks at its head. Notwithstanding the torrents of rain in the morning both bands gave balcony concerts, which "brightened up the corners" considerably.

Johnson has the best athletic grounds in Lamotte county. Splendidly located on the Waterman meadow, with a good road leading thereto, they are easy of access. A sidehill makes a commodious seating capacity for the spectators, giving all a clear and unobstructed view of the entire field.

Some were disappointed in the non-appearance of Dr. Tracy in his celebrated bee hunting outfit. As an apiarist Will has no equal and the prize would have been his. Others expressed regret in not seeing Del Barrows in his first manipulations of the blood-predicting and face-raising safety razor—an act that brings smiles to Jimmie Hickey.

A special feature in the parade was the float on which was mounted the cata-

## PRINCE ALBERT

the national joy smoke

is such good tobacco you feel like you could just eat the smoke!

Yes, sir, P. A. puts a razor edge on your smoke-appetite—division that's nobby enough to be photographed! No other pipe and cigarette tobacco can be like Prince Albert, because no other tobacco can be made like Prince Albert. The patented process fixes that—and removes the tongue-bite and throat parch! Let that digest!

The tippy red bag, 5c

And that line of conversation is 24 kt., whether you play P. A. in your old jimmy pipe or roll it into a makin's cigarette. For you can put your little old blue-pencil O. K. right here that Prince Albert is a regular double-header for a single admission—as joy us to your tongue and taste one way as the other!

Will the "rollers" kindly step forward for a spell and get some of this listen into their systems? Because Prince Albert certain and sure jams more joy into a makin's paper than ever before was figured up on two hands!

In the plain language of the hills, you can't any more resist such makin's tobacco than a bullfrog can pass up a piece of red flannel! Because P. A. hands to you everything any cigarette roller ever dreamed-out—rare flavor, and aroma, and mildness, and body; absolutely the best bet—the best smoke

you or any other man ever did roll and put the fire to! Men, we tell you to wise up.

P. A. is crimp cut and stays put—which means rolling P. A. is as easy as falling off a log. And it's good to remember P. A. is put up in the tippy red bag especially for you "rollers." Sells for the price of a jitney ride, 5c.

Now, will the "pipers" kindly open both ears?

Here's tobacco that has made it possible for three men to smoke pipes where one smoked before!

Any way you hook it up, Prince Albert is tobacco insurance! Yes, sir, it guarantees your future as well as your present smokings! And just makes your tongue so jimmy pipe joy us that your smoke appetite grows whopping big. You men who "dassn't," we say you go to P. A., natural-like! Because there isn't a bite in a barrel of this national joy smoke.

Unlimber your old jimmy pipe! Dig it out of the dark corner, jam it brimful of P. A. And make fire with a match! Me-o-my!

You get acquainted with Prince Albert in the tippy red bag, 5c; or tidy red tin, 10c, but for the double-back-action-joy, you buy a crystal-glass pound humidor. And then you're set! You see, it has the sponge-moistener top and keeps P. A. at the highest top-notch point of perfection. Prince Albert is also sold in pound and half-pound tin humidors.

The tidy red tin, 10c
